

Peter Dieners

Peter Dieners is Co-Head of global Healthcare & Life Sciences Sector Group. He advises leading pharmaceutical, medical devices and chemicals companies on all their business-critical corporate, commercial and compliance matters, including investigations and related prevention counselling. He is author of the leading industry manual *Compliance in the Healthcare Sector*. Peter also acts for trade associations and companies vis-à-vis government agencies in relation to legislative projects and amendments. He frequently works with trade bodies to establish codes of conduct, thereby setting industry standards.
