

Alison Fethke, JD

Alison Fethke is counsel and co-lead of the Ropes & Gray working group dedicated to global compliance for health care entities. She regularly advises pharmaceutical and medical device companies on legal issues related to sales, marketing, medical and research activities, including federal and state laws and industry codes regulating manufacturer interactions with providers, payors and patients. With deep knowledge of compliance, Alison also advises on government investigations and has assisted with the negotiation and implementation of numerous Corporate Integrity Agreements and Deferred Prosecution Agreements.
