

## **Danielle Pelot, JD**

Danielle Pelot helps clients in life sciences, healthcare, financial services, higher education, and similar regulated sectors to efficiently and successfully address federal and state enforcement actions, fraud allegations, and related complex litigations. She has a particular emphasis in counseling pharmaceutical and medical device companies and life sciences industry professionals. She also assists clients to address sensitive government inquiries involving agencies such as NIH, NSH, HHS-OIG, GSA, FBI, and DOJ relating to integrity and foreign influence risks at U.S academic and research institutions. She works routinely with clients on proactive compliance measures and risk mitigation strategies.
